Dear Parents,

Life is full of choices . . . and choosing to attend college is one of the best decisions your child will ever make. As a parent, you can be a tremendous influence in helping your child choose college.

Many jobs today require skills and training beyond a high school education. A college education can provide greater knowledge, more job opportunities and a greater income earning ability.

Stanislaus County Office of Education, Riverbank Unified School District, Turlock Unified School District, and AVID (Advancement Via Individual Determination) want to support you with the information and resources you need to make college a reality for your child. We are sponsoring a “College Awareness Night” for your family. Presentations and materials will be in both English and Spanish. Please mark your calendar and plan to attend this event.
