

- Area:** Child Development
- Subject:** CD05 - Developing Activity Plans - Preschool
- Reference:** 1304.21 (a)(1)(ii); (a)(4)(i) – (iv)
1304.21 (c)(1)(i) – (vii); (c)(2)
- Policy:** Each classroom team must develop an activity plan that will provide a program that incorporates all areas of child development through developmentally appropriate practices.

Procedure:

1. Each classroom team must develop an Activity Plan weekly and post it in the classroom
2. The Activity Plan will include large group activity, small group activity, individual activities, outdoor activities, changes to the environment and child initiated activities.
3. The Activity Plan will include a link between the lesson plan and each child's individualized goals. This is to also include IEP/IFSP goals.
4. A general schedule of the day's routines must also be posted.
