### *SCOE Hosts Annual Educational Technology Conference*

The Stanislaus County Office of Education (SCOE) is pleased to host the 16<sup>th</sup> Annual **Educational Technology Conference (ETC!) 2015** on **February 28** from **8:00 a.m. – 3:30 p.m.** at **California State University Stanislaus (CSUS)** One University Circle, Turlock, CA. The ETC! 2015 conference hosts a wide variety of session to integrate technology into education. Sessions are geared to teachers, support staff, administrators, IT professionals, technology coordinators and pre-service educators.

The goal of the conference is to offer diverse series of opportunities that address technology in the classroom on a variety of devices and operating systems as well as sessions on special education, office staff support and network management. According to SCOE's Technology Learning Resource Director Sally Savona, the conference has expanded over the years and we reach registration capacity early. "Over 830 attendees participated in the event last year and classrooms were at capacity," said Savona. "This year we moved the conference location to CSUS, a larger campus, in an effort to provide more classrooms and open registration to a larger number of people."

The cost is \$80.00, and includes conference materials and lunch. For more information, a complete listing of classes, or to register online, visit <http://bit.ly/etc2015> or call 238-1425.

Sponsors of the ETC! 2015 conference are SCOE, Educational Technology Center, Modesto City Schools, Stockton Unified School District, Central California CUE and CSU Stanislaus. Corporate sponsors include: California Causality Auto and Home Insurance, Cisco, Data Path Inc., DecoTech Systems Inc., ECS Imaging Inc., Edmentum, Follett School Solutions, IST Inc., IVS Computer Technology, Lexia Reading & Reading Plus, Nasco, and Schoology.
