

CHILD & FAMILY SERVICES DIVISION

WHO WE ARE

The fundamental work of the Child & Family Services Division is distinct and focuses on the period of life where the foundation for future success is built; ages zero to five. It's the time when the brain grows the most, where support and early intervention makes a huge difference for children and their families, and where the investments you make pay off. Child & Family Services gives children a head start in school, work, and life by educating children, supporting parents, and developing the professionals who work with them.
