

# STEM Learning with Loose Parts

We will discuss creative ways to design, develop and deliver useful, engaging, and educational strategies for young children based on integrating loose parts (ordinary objects from home) to promote active play. We will tap on your existing creativity and capacities to explore various strategies that support young children's play and learning. We will connect this STEM learning to the Preschool Frameworks.

**Date and Time:**  
Saturday, July 9, 2022  
9:00am - 12:00pm

**Registration Number:**  
**00416**
