# (ELLN) English Learner Leadership Network

English Learner Leadership Network (ELLN) is a venue for collaboration and professional development. It's to support district and school personnel whose responsibility is to promote linguistic and academic success with English Learners.

Through these meetings, participants will:

- Learn and share best practices for meeting the academic and social emotional needs of English learners
- Stay abreast of state and federal guidance for meeting the needs of English learners
- Network with other educators working to support the needs of English learners
