RE: **SCOE Employee Scholarship**

Again this year SCOE will offer its employees an educational scholarship. Scholarships will be awarded for the purpose of professional growth at SCOE or for employees who wish to complete coursework, which would be applied towards an undergraduate or graduate degree. Two scholarships will be awarded, one for a classified staff member and one for a certificated/management staff member.

I know many of you are currently enrolled in courses, and that there may be others thinking of continuing their education. I hope you will seriously consider these scholarships to support your efforts.

CRITERIA AND SCHOLARSHIP INFORMATION:

1. A Scholarship Selection Committee, appointed by the Stanislaus County Superintendent of Schools, will judge the applications and select scholarship recipients.
2. Must be permanent employee and employed one year or more.
3. The amount of each scholarship will be \$300.
4. Scholarships will be awarded for the purpose of professional growth at SCOE or for employees who wish to complete coursework, which would be applied towards an undergraduate or graduate degree.
5. One letter of recommendation must accompany application.
6. **APPLICATION DEADLINE is March 27, 2020.** Send completed application to Hilda Meneses, Administration (#000). Please direct any questions to 238-1711.
7. Scholarship awards will be announced in April and will be awarded during the May 12, 2020 County Board meeting.
